The Assembly is meritorious amicus curiæ real party in interest; hence, takes a neutral position to remedy one and all parties involved by offering this discernment to assist the Court in evaluating the broader implications with self-evident truth, reconciliation, and global financial unity in the community with peace worldvibe sounds of sanctuary (SOS) harmony: particularly in light with the All Nations Treaty and the Universal Prosperity Bank Treaty Agreement dated thirtieth (30th) August month 2024 year (collectively, the "Treaties").

AMICUS CURIÆ TRUTH AND RECONCILIATION INTEREST

The Lions Gate Ecclesia Assembly 2025 was convened to establish terms with reference in self-evident Truth and Reconciliation: drawing on spiritual and ethical principles to guide monetary and sovereign actions toward remedy to historical injustices. The Assembly recognizes entities like Saint Crown as instruments to advancing equitable financial models exempt from certain federal oversight: aligning with its mission to foster self-evident truth and reconciliation through economic empowerment. Its expertise in truth and restoration positions it to opine on treaty assignments aimed at rectifying disparities among African nations, diaspora communities, and unincorporated federations. No party has requested or compensated the Assembly for this brief.

STATEMENT OF THE CASE

This matter involves the status of Saint Crown: a private industrial loan company bank chartered under sovereign and fiduciary authority, and the Treaties' assignment to the Yehuda=Qore Trust. On sixth (6th) August 2025, Saint Crown's authorized board Amended Corporate Resolution No. SCB-0922-002-A appointing James Boyd as President and Chief Counsel: granting him full executive authority to govern the bank's interests, including treaty assignments. This resolution also terminated Jeffre St. James for cause from all roles and appointed Frank Ekejija as Special Envoy for Pan-African Economic Advancement to advance global mandates.

On eleventh (11th) August 2025, Saint Crown, through President James Boyd, executed an Assignment Agreement transferring all rights, titles, and interests in the Treaties to the Yehuda=Qore Trust. The Treaties include the All Nations Treaty (referencing sovereign harmony at 528 Hertz) and the Universal Prosperity Bank Treaty Agreement, dated thirtieth (30th) August 2024, involving Saint Crown and entities such as the Global Family International Trade Bank and the Global Family Bank of Commerce.

The Assignment Agreement, governed by Delaware law, includes indemnification clauses and does not release Saint Crown from prior obligations. It notes Saint Crown's exemption from the Bank Holding Company Act (BHCA) as an industrial bank: allowing operations outside Federal Reserve Board oversight.

Related documents highlight potential disputes, including an analysis of Saint Crown's vaulting of $3 trillion in assets to affiliated entities (e.g., Global Family structures), suggesting inadequate remuneration and potential institutional sabotage. Termination letters dated eighth (8th) and twelfth (12th) August 2025 from the Shaykamaxum Republic Tribal Nations Government revoke Elder Jeffre Saint James's role as the Minister of Finance and cancel a banking license issued to him citing improper practices.

On fourteenth (14th) August 2025, Elder Jeffre Saint James responded with a Legal Notice & Statement of Fact addressed to the Shaykamaxum Republic Tribal Nations

Government. In this notice, Saint James asserts his continued status as the duly appointed Minister of Finance, denies engaging in improper banking practices or receiving due process, and claims violations of constitutional, tribal, and international laws. He alleges reputational harm, interference with fiduciary duties, and references a $200 million funding commitment to the tribe from the "Cyber Crime Group." Saint James threatens legal action under statutes such as the Computer Fraud and Abuse Act (18 U.S.C. § 1030), Wire Fraud (18 U.S.C. § 1343), and various terrorism-related provisions (e.g., 18 U.S.C. §§ 875(c), 844(e), 2332b), citing alleged terrorist death threats, privacy violations, and cybercrimes against bank members and investors.

The Assembly submits that these facts, including Saint James's response, underscore the need for judicial recognition of Saint Crown's status and the assignment's role in advancing truth and reconciliation: while noting that internal tribal disputes do not undermine the bank's independent corporate actions.

ARGUMENT

I. THE STATUS OF SAINT CROWN INDUSTRIAL LOAN CO. BANK AS AN EXEMPT INDUSTRIAL BANK IS WELL-SUBSTANTIATED AND ALIGNS WITH TRUTH AND RECONCILIATION GOALS

Saint Crown operates as a duly chartered industrial loan company bank, exempt from the constraints of the Bank Holding Company Act (BHCA) and Federal Reserve Board (FRB) oversight. As stated in the Assignment Agreement: "Industrial banks fall outside the purview of Bank Holding Companies (BHCs) as defined by the Bank Holding Company Act (BHCA), thus remaining exempt from its activity constraints and oversight by the Federal Reserve Board (FRB)." This exemption enables Saint Crown to engage in sovereign banking activities, including treaty assignments: without traditional regulatory encumbrances.

The Assembly views Saint Crown's structure as a vehicle to self-evident truth and reconciliation jubilee culture: supporting the USAF's "mutual powers" framework to facilitate ownership in national landmasses and territories for collective prosperity. The Amended Corporate Resolution confirms institutional stability through James Boyd's appointment: guaranteeing continuity in global strategic command, notwithstanding disputes involving former officers like Jeffre Saint James.

This status is functional: Saint Crown's vaulting of $3 trillion in assets positions it as a global economic force. However, the lack of commensurate benefits—such as annual yields of 1.5%-5% ($45B-$150B/year), custodial rights, or credit lines—suggests prior arrangements may have been exploitative. The Assembly sees Saint Crown's exempt status to being essential to rectifying such imbalances and restoring value to sovereign empyrean trusts like Yehuda=Qore to aligning with the Treaties' emphasis to heal and/or remedy historical injustices. Elder Saint James's fourteenth (14th) August 2025 notice, while raising claims to due process violations and cybercrimes, pertains to tribal

governance and does not alter Saint Crown's exempt banking status or its ability to execute assignments independently.

II. THE ASSIGNMENT OF THE TREATIES TO THE YEHUDA=QORE TRUST IS VALID UNDER DELAWARE LAW AND ADVANCES PRINCIPLES WITH TRUTH AND RECONCILIATION ETHIC: UNAFFECTED BY INTERNAL TRIBAL DISPUTES

The Assignment Agreement is a binding contract under Delaware law, that governs without regard to conflict-of-law provisions. Executed by duly authorized signatories—namely James Boyd authorized officer representing Saint Crown chief council and president's office; and Corin Patrick Sterlin Smith: Qore, and Huda Hassen Durri: Boqorad representing sovereign empyreal Yehuda=Qore Trust. The Assignment Agreement transfers all rights in the Treaties in valuable consideration. The agreement includes mutual indemnification, defense obligations, and non-release to prior claims: guaranteeing balanced protections.

James Boyd's authority stems from the sixth (6th) August 2025 resolution that vests him with "full executive authority to speak for, bind, execute on behalf of, and govern the interests of" Saint Crown. Prior officers' terminations (e.g., Jeffre St. James) and new appointments (e.g., Frank Ekejija) reinforce this governance: mitigating any claims to unauthorized action.

The Treaties support assignment: The All Nations Treaty invokes 528 Hertz harmony to foster equitable development among defined parties. Assignment to Yehuda=Qore Trust—a fiduciary jubilee guaranteeing sovereign empyreal entity with self-evident truth and reconciliation SOS cultural ethic spectrum honor aligns with these goals—facilitates reconciliation by preventing potential sabotage: as indicated in the $3 trillion vaulting analysis. That document outlines ideal benefits (e.g., board seats, real-time reporting, IMF parity) absent from prior Global Family arrangements: suggesting the assignment restores control to a trust committed to highest honor to platonic love life people to people truth and reconciliation cultural remedy SOS spectrum to one and all.

Elder Saint James's fourteenth (14th) August 2025 response disputing his termination and alleging cybercrimes, terrorist threats, and due process violations under federal, tribal, and international law, represents an internal tribal matter in specific. These claims, also including references to a $200 million funding from the "Cyber Crime Group" and threats under statutes like 18 U.S.C. §§ 1030, 1343, and 875(c), do not invalidate Saint Crown's Assignment. Saint Crown's corporate actions, executed by President Boyd, are distinct from Shaykamaxum tribal proceedings. The Assembly opines that such disputes should not impede truth and reconciliation SOS remedy efforts; instead, the assignment advances timeless self-evident truth and reconciliation remedy by creating reliable surety company treaty guarantee in a stable trust: promoting global SOS remedy even amid those with personal and/or tribal conflicts.

CONCLUSION

The Assembly respectfully urges the Court to recognize Saint Crown's exempt status and affirm the validity in the treaty assignment to Yehuda=Qore Trust: undiminished by Elder Saint James's recent claims. This outcome advances timeless self-evident truth and reconciliation honorable ethic, and champions the harmonious goodwill SOS jubilee principles embedded in one and all merciful treaties with truth and reconciliation guarantee ethical culture on earth as in the heavens spectrum: guaranteeing equitable reciprocity with sustainable peace and joy endowment remedy in line with the Assembly's goodwill ethical mandate.

So mote it be in unity with the community sustainable peace and joy SOS worldvibe vitality one love seal: I am because we are.
